

The Alton College Foundation – Student Grant

Revised: October 2012

Introduction

The Alton College Foundation (the Foundation) offers, as part of its Development Fund, grants to full-time students, aged 16-19, studying at Alton College. The grant scheme aims to encourage students in their academic and personal development by providing funds to be used for specific activities such as additional tuition, field trips or items of equipment associated with their studies.

Student Grant - Terms & Conditions

- ~ Students apply for a Grant by writing to the Foundation explaining what the grant is for and why the Foundation should consider the request. An application can be made either on an individual basis or for a group of students. Applications may be made via email (see address below)
- ~ Each Grant application will be considered on merit but will only be awarded where the individual student, or group of students, can convince the Foundation that their application has clear objectives and benefits. If the student or students have already made a request to the college for funding this should be stated (we recommend that this should take place before applying for a grant)
- ~ The maximum amount that can be awarded is £500
- ~ To qualify for a Grant the applicant must have completed a full term at the College.
- ~ Please note that all of our Grants are offered on a competitive basis and your Application for a Grant does not guarantee that you will receive an award. The decision of the Foundation will be final.
- ~ Applicants will be informed of the decision on their application no more than 8 weeks after submission.
- ~ Students may be invited to be interviewed by the Foundation in support of their submission, although this will be at the discretion of the Foundation. The Foundation may also seek the views of the College in the determination of suitability for an award.
